

HAIR-HEALTH

The sale of three million bottles of this elegant hair dressing in the United States and Great Britain in 1899 proves that it has surprising merit and does all that is claimed for it.

HAY'S
Hair-Health

has been a blessing to thousands who have become gray or bald. Hay's Hair-Health is a healthful hair food, restoring youthful color and beauty to gray and faded hair. It removes dandruff and prevents itching and breaking of the hair. It is not a dye, and positively will not discolor the scalp, hands or clothing, and its use cannot be detected by your best friend.

Prevents hair falling after sea bathing or much perspiration.

One Bottle Does It.

HAY'S HAIR-HEALTH

EVERY BOTTLE WARRANTED

to restore gray, white or faded hair to youthful color and life. It acts on the roots, giving them the required nourishment and positively produces luxuriant thick hair on bald heads.

"Not a Gray Hair Left."

the testimony of hundreds using it. Hay's Hair-Health is a dainty dressing and a necessary adjunct to every toilet, and unlike other preparations, has beneficial action on the roots of the hair, causing the hair to regains original color, whether black, brown or golden.

CRISIS PASSED.

Manchurian Issue No Longer

Dangerous.

Each The Impression In The
State Department.

Extremely Favorable Communication
Received From Russian Government.

WASHINGTON, April 5.—The United States government has received from the government of Russia a communication of unusual importance, bearing on the conditions in China and particularly relating to the Manchurian question. Such is the nature of the communication that it has produced a profoundly favorable impression. At the state department it is thought to be the most salutary development in many months in the Chinese problem. The extent of Russia's assurances may be best judged by the feeling in official circles that the threatened crisis over Manchuria has now been completely averted.

MILK WAR STILL ON.

Boston, April 6, 2:30 A. M.—The much hoped for settlement of the milk war, between the contractors and the New England Milk Producers' union, which seemed almost an assured fact yesterday, this morning appears to be further away than ever. The contractors have refused to ratify the basis of settlement agreed to by George O. Whiting, their representative, and submitted by him to Vice President R. M. Seamon of the union. What the terms of this agreement were has not been made public. The contractors then, in turn, submitted two propositions, which were rejected. As the controversy now stands, it is to be a fight to the finish. The producers are more determined than ever not to yield.

THE SQUADRON AT CULEBRA.

SAN JUAN, PORTO RICO, April 5.—The squadron of American war ships under command of Rear Admiral Farquhar is at Culebra island, about twenty miles south of here, and is apparently prepared to stay there for some time. The admiral recently received cable advice from Washington, the contents of which are not known. The United States auxiliary cruiser Scorpion is expected here from La Guayra about April tenth, with United States Minister Loomis of Venezuela on board.

BORALMA AND THE ABBOT MATCHED

Boston, April 5.—Thomas W. Law son has accepted the offer of the Kentucky Trotting Horse Breeders' association for a matched race at Lexington, Ky., next October, between Boralma and The Abbot, for \$10,000 a side, the association to add one half the gate receipts for that day, which it guarantees will amount to \$10,000, the winner to take all. Mr. Scannell, owner of The Abbot has not been heard from.

TO COMMAND PETREL.

WASHINGTON, April 5.—Admiral Remey, commander in chief on the Asiatic station, has informed the navy department, that Commander E. S. Prime has been assigned to the command of the Petrel, in place of Lieut. Commander Jesse Roper, who lost his life last Sunday while trying to rescue some of his crew who had been overcome by a fire in the sail room of the gunboat.

WEATHER INDICATIONS.

WASHINGTON, April 5.—Forecast for New England: Rain and warmer Saturday, high south to east winds, shifting to southwest; Sunday, clearing in western portions, rain in eastern.

FIRE IN LISBON FALLS.

LEWISTON, Me., April 6, 2:30 A. M.—The Lewiston and Auburn fire department has been called to Lisbon Falls, where a large fire is in progress. No particulars are given.

FRENCH PRESSING BOERS.

CAPE TOWN, April 5.—General French continues to press the Boers at Vryheid. Travaux colonie. The Boers shot down a pom-pom, which the British had smashed at the bottom of a precipice. This accounts for all the Boer guns known to be in the southeastern district.

Plumer Unopposed

LONDON, April 6, 2:30 A. M.—Lord Kitchener reports as follows to the war office: "Plumer has advanced twenty miles beyond Hylstroom, unopposed, on the way to Pietersburg." According to the Pretoria correspondent of the Telegraph, the Boers have shifted their seat of government from Pietersburg to a point thirty-five miles northeast of that place. The Kroonstad correspondent of the Times, writing on Thursday, says the British are making preparations for winter operations.

TRIED TO KILL HIM.

CONCORD, N. H., April 5th.—Ida Annette, alias Isadora Harrington, was arrested here tonight and lodged in jail, on the charge of assaulting with intent to kill her father, Lucien H. Hackett of Bath, Me. She was before the police court a week ago on the charge of adultery with Charles Senott, for whom she was housekeeper. Mr. Hackett went to her house this afternoon to recover some property which he claims belongs to him, and it is alleged that the woman struck him through a glass door, with a hammer.

WILL BUILD THE MILWAUKEE.

WASHINGTON, April 5.—The navy department has awarded the contract to build the twenty-three knot protected cruiser Milwaukee to the Union Iron works of San Francisco. The contract price is \$2,825,000.

WHY IS THIS THUS?

The residents of Columbia street are wondering what particular grudge the street department has against them. For more than a week now, the ash barrels that were put in front of the houses for the city teams to pick up have been lingering there, through wet weather and fair. No city teams have been near them. Have the city's collectors of ashes and other refuse gone out of business? If not, what Commissioner Hett please see to it that a dump cart calls around some time this spring and takes these unsightly barrels away?

PARSONS—DAWE.

Isaac Parsons and Miss Martha Dawe were married at the Methodist parsonage, Court street, on Thursday evening, by Rev. Thomas Whiteside. A wedding reception, with repeat, was held at the home of Richard Bridle, Richards avenue, after the ceremony. Mr. and Mrs. Parsons are natives of Newfound land and came to this city two years ago.

Rich Red Blood

By increasing the red corpuscles which give the blood life and color. Remember, Hood's is

Peculiar To Itself

SHERLOCK HOLMES.

The announcement of Mr. Charles Frohman's management of a theatrical attraction has long been looked upon as a guarantee that the performance will be of the very best. The quality of plays, varies, of course, but Mr. Frohman's companies are all that could be desired and his stage productions are always noted for nicety of detail and artistic merit. The success of Mr. Gillette's dramatization of Dr. A. Conan Doyle's world famous detective stories, entitled Sherlock Holmes, has been partly due to the excellence of its staging. No expense was spared in any one of the many departments. It is said that the preliminary trial performance in London, at which the audience was limited to Mr. Frohman, Mr. Gillette and Doctor Doyle, cost over \$4,000. The object was simply to see how certain scenes acted and to give the trio an opportunity to entail or embellish at doubtful points. The result was that when the play was presented in public, it needed no changes whatever during its run of nearly 250 nights in New York. At Music hall, Friday evening, April 12.

Y. M. C. A. NOTES.

The Woman's auxiliary is to have a business meeting next week.

A class in stenography is to be formed and an expert teacher will be secured.

A set of Scott's works has been presented to the association and makes a fine addition to the library.

The Sunday afternoon service in U. V. hall, at half past three o'clock, will be addressed by Rev. Thomas Whiteside of the Methodist church. Special music has been arranged. All men are welcome.

WOMAN'S EXCHANGE

Household whist at the Woman's Exchange, Monday afternoon, April 8th, at three o'clock. All are welcome.

Sherlock Holmes, with the same company, excepting Gillette, that played at the Hollis Street theatre with such tremendous success, will be seen at Music hall on April 12th.

WHY NOT SEND HER HERE?

The old United States frigate Minnesota is about to be turned over to the navy department by the commonwealth of Massachusetts, and the department of Jocks and yards is wondering what disposition to make of this old relic, which they say is in "pretty bad shape." The frigate has been used for years by the Massachusetts Naval Brigade as a drillship and headquarters. At the Charlestown navy yard, there is little room for this ancient ship. A report came from Washington that the Minnesota was needed at Newport, but upon examining her Naval Constructor Baxter said that he doubted whether the ship could be put in safe condition to be towed to Newport without extravagant expense.—New York Sun, April 4th.

According to all accounts the navy department does not intend to permit the Reina Mercedes to remain here after she is completed. The Minnesota would make an excellent receiving ship, and an effort should be made to have her sent here.

AT THE NAVY YARD.

The ship keepers are to wear a uniform, so report says.

The secretary's order regarding leave of absence for mechanics and others has arrived at the yard.

The allowance of funds for construction and repair assures the employment of the present force the present month.

Rear Admiral J. J. Read, U. S. N., now in command of the yard, is the youngest commandant that has ever held the position at this station. He is making a personal inspection of the yard from day to day and is much interested in the magnificent surroundings of the big station.

The site for the new construction and repair office building has been approved. It will be erected just north of the present yard and dock electric light and power plant. Civil Engineer L. E. Gregory has the plans well underway and he expects to have everything ready to commence work as soon as the appropriation becomes available.

CHRISTIAN ENDEAVOR RALLY.

The Young People's Christian Endeavor society of the Pearl street church is to have a rally in May. Several out of town societies will be invited. Definite announcements will be made later.

PORTSMOUTH YACHT CLUB.

The regular monthly meeting of the Portsmouth Yacht club was held on Friday evening. It was decided to have another smoke talk soon, and the following committee was chosen to conduct it: Commodore Pope, H. P. Montgomery, Jackson Washburn, C. Fred Duncan and Charles Hatch. It was voted to have a ladies' night, about the first of June, and the committee to prepare for it is to be appointed later by the chair. At the smoker, Dr. Lance will give an address on "Resuscitation from Drowning."

The following regatta committee was named by the commodore: Captain Boylston, chairman; John Holman, W. L. Brown, James H. Dow, Rufus Adams and J. W. Washburn. They were instructed to buoy the channel for the benefit of visiting yachts.

After completion of the business the club members enjoyed a fine supper.

OUR SHAKESPEARE CLUB.

The success of this paper in the recent distribution of Kipling's works will undoubtedly be repeated in the distribution of Shakespeare's works according to the proposition on page two. This offer is a remarkable one and is sure to attract attention from those who appreciate what it means. It will pay everyone to read this offer very thoroughly. The distribution begins next Monday, April 8, when Vol. 1 will be in order for delivery according to the conditions of the Shakespeare club, conducted exclusively by the Chronicle and Herald in this city. Readers of this paper are enabled to get a complete set of the Cambridge edition, thirteen volumes, for \$2.60 and the coupons printed every day.

 prano; Miss Dawdy, contralto; H. P.
 Montgomery, bass; Miss Mary L. E.
 Miller, organist.

Church of Immaculate Conception.
 Resurrection day at this church will
 be celebrated with usual veneration of
 the Lord that has taken place on Easter
 Sunday since the Catholic church was
 known to our city. The beautifully
 adorned altars, cut flowers, potted
 plants, numerous lighted tapers and em-
 bellishments will give expression, with
 people in their praises on that day to
 the ascended Redeemer of man. The
 masses will be at the regular Sunday
 hours, 8:30 and 10:30 a. m. At the 8:30
 service the children will sing, using
 English and Latin text appropriate to
 the feast. At the solemn high mass at
 10:30 a. m., the large choir will render
 the celebrated mass of Lattache, with
 the exception of the "Sanctus," which
 will be from the famous Gounod's mass
 of St. Cecilia, and the Agnus Dei from
 the mass of Mercadanti. Vespers at 7:30
 in the evening.

The following will be the musical pro-
 gram of the day:
 Solemn High Mass.
 Vidi Aquam, Paschal hymn, Peters
 Kyrie chaisson, Massa pro pace, La Hache
 Gloria in Excelsis, Massa pro pace, La Hache

PRINTING BY ELECTRICITY.
Newly Invented Process That Does
Away With the Use of Ink.
 A London photographer, according to
 The Scientific American, has succeeded
 in producing electrotypic paper
 which promises to revolutionize the art
 preservative of all arts. Using the new
 patent paper, a syndicate has recently
 perfected a process of printing with-
 out ink. Instead of saturating the pa-
 per with the sensitizing materials, as
 has hitherto been done, it has been
 found best to mix them with the pulp
 in the process of manufacture, and so
 a radical departure has been made and
 a new machine made paper has been
 invented that has rare properties.

As the chemicals used are abundant
 and cheap, the new medium can be
 produced as cheaply as common paper.
 The prepared paper is stable and color-
 less, is unaffected by any other
 agent than the electric current, may be
 kept indefinitely and sent to the press
 directly from the roll as manufactured,
 with no preliminary treatment what-
 ever; yields instantly a dense black,
 permanent print; requires no subse-
 quent "fixing" or developing—indeed,
 is ready for distribution immediately,
 as there is nothing like ink to smirch
 or require drying—in short, meets all
 the requirement of a perfect medium
 for electric printing. Given such a
 suitable paper, and the mechanical
 problems incident to a practical system
 of electric printing are comparatively
 simple. The syndicate, having satisfac-
 torily completed the experimental
 part of its undertaking, is now engaged
 in demonstrating the workings of
 the new process and overcoming the
 objections of printers.

The machine for electric printing is
 simply an ordinary press divested of
 all its inking mechanism and having
 the cylinder or paper bearing surface

Nicholas II of Russia has a court
 staff of 27 physicians and surgeons, a
 larger number than is attached to
 any other sovereign. There is first a
 physician in chief, then come ten hon-
 orary surgeons, two oculists, a cutane-
 ologist and honorary chiropodist, two
 court physicians and three specialists
 for the emperor.

HIVE AND BEE.
 As soon as warm weather sets in be-
 ginning feeding for brood rearing.
 Wherever a farmer or dairyman or
 gardener can make a living a bee man
 can also.

There is more clear money in bee-
 keeping than in any other business on
 the farm.
 Surplus boxes should never be plac-
 ed in the hive until the bees are ready
 for them. This is generally at the be-
 ginning of the honey flow.

Wax is an elaborate substance, and
 the consumption of 20 pounds of honey
 or sirup is required to produce one
 pound of comb or wax to hold the
 honey.

Bees do not make honey. They sim-
 ply gather the nectar of flowers, each
 variety of blooming plant and tree
 having a secretion of nectar peculiar
 in aroma to its kind.

POWDER AND BALL.
 One pattern of small arm will now be
 used by American fighting men ashore
 and afloat, and the army rifle is fast
 being placed aboard the warships.

The British war office has declined
 to form a volunteer corps of motor ve-
 hicle operators. It, however, expressed
 a willingness to accept the services of
 individual automobilists in case of an
 emergency.

REAL.
 He—Is dat pin real?
 She—Yes, sah; de loss-shoe is real.

covered with a suitable conducting
 metal. The work of "make ready" is
 the same as for ordinary printing, and
 line blocks, electrotypes, woodcuts,
 half tones, engravings, all kinds of de-
 signs in relief, may be used at will.

The "form" is connected with one
 pole of the dynamo or battery. For
 most purposes the current may be tak-
 en from an ordinary incandescent light
 wire. The paper carrying cylinder or
 surface is connected with the opposite
 pole. Thus the metal surfaces of both
 cylinders are the electrodes, while the
 paper is in reality a very thin cell in
 which the pulp is an inert medium and
 the contained chemicals are the electro-
 lyte. As the cylinders approach each
 other to press the paper as it is fed be-
 tween them the current is switched on
 automatically and flows from one cy-
 linder through the paper at the points
 of contact to the other cylinder, the
 impression being produced instantly by
 electro chemical action. A governor, or
 variable "resist," permits an operator
 to control the quantity and intensity of
 the current, which must be continuous.
 The paper possesses magnetic electric
 properties, and consequently the
 amount of current required is surpris-
 ingly small. The voltage used may be
 from 10 to 100, and four amperes are
 ample for the largest machines. All
 inking mechanism being dispensed
 with, the power necessary to drive the
 press is greatly diminished. For a
 given piece of work the cost of current
 for the actual printing is said to be
 only one-half that of ink, while a sav-
 ing of at least one-third in the original
 cost of presses is assured. The new
 process lends itself to all speeds, even
 to the fastest web presses.

THE COOKBOOK.
 Onions in any appetizing form are
 well adapted to the spring bill of fare.
 To serve a hot ham take it from the
 water when cooked, draw off the skin,
 rub the surface with brown sugar and
 set before the fire to brown.

Rice flour for browning soups is bet-
 ter than sugar and should be kept in
 the store closed ready for use. To pre-
 pare it spread it in a baking pan and
 place in a moderate oven. As soon as
 it is tinged with yellow stir it and con-
 tinue until the required color is ob-
 tained. Let it cool and put away in
 large mouthed bottles.

One Thing at a Time.
 The industrial council of Kansas City
 believes in pushing one boycott at a
 time and has a committee that is at
 work continually. All of the unions
 place a fine of from \$5 to \$25 on mem-
 bers who patronize a boycotted firm.
 This system is a great improvement.
 It is said, over the old plan of having
 several fights going on at once.

Is to Disbelieve the Evidence of Your

 It's Portsmouth proof for Portsmouth
 people.
 It's local endorsement for local read-
 ers.
 It will stand the most rigid investiga-
 tion.

Mr. Thomas E. Blake of 5 Green street,
 says:—"As I grew I always had weak
 back and kidneys and finally a painful
 and annoying urinary trouble developed.
 The kidney secretions were high colored,
 contained a gritty substance like sand
 and brick dust and they were often thick
 and of a milky hue. Mornings I was so
 weak that many a time I had to slide
 down stairs, being unable to attempt it
 on my feet and this was often accom-
 panied by dizziness and distress. I tried
 remedies, then one doctor and then an-
 other, but nothing got down to the
 cause till I went to Philbrick's Phar-
 macy and got Doan's Kidney Pills. I
 paid at a single time \$5 to a doctor for
 medicine but it did not do me a cent's
 worth of good. I can highly recommend
 Doan's Kidney Pills after my experience.
 They are a valuable remedy."

For sale by all dealers; price 50 cents.

THE ROYAL BOX.
 The Prince of Montenegro has writ-
 ten a play called "The Empress of the
 Balkans," which it is purposed to pro-
 duce in Berlin in a short time.

The German crown prince will go to
 the University of Bonn as soon as he
 has completed his year of duty with
 the First Prussian foot guard regi-
 ment. His imperial highness will
 spend several terms at Bonn and will
 live in a villa that the emperor has
 lately bought for him in that town.

King Edward, who, after the injury
 to his knee, was obliged to stop bicy-
 cle riding, has resumed that pastime
 and has taken up fencing as the best
 antidote to the increase of sedentary
 work necessitated by his new state du-
 ties. His majesty is often seen cy-
 cling between Marlborough House and
 the Strand.

SCRAPS OF SCIENCE.
 Dr. Chapot-Revoist, the surgeon who
 operated for the separation of the
 Siamese twins, has gone to Vienna to
 study a case of Chinese twins similar-
 ly afflicted. The examination is to be
 made by means of Roentgen rays.

Dr. Jarre of Paris has announced his
 discovery of a remedy for the foot and
 mouth disease to the Academie de Me-
 decine. It consists of a 33 per cent so-
 lution of chemically pure chromic acid
 applied as a caustic. The cure is rapid,
 and there is no inflammation.

SATURDAY, APRIL 6, 1901.

Speaking about "smiles and tears,"
April is having a real boo-hoo.

A man proposes to come across the Atlantic in a yawl. He expects to reach New York in a month. When the sea gives up its dead, his bones will probably be found quite a distance from New York.

Tomorrow is Easter, one of the most important days in the church calendar and a day of happy Christian sentiments. With reverent hearts and a deep sense of obligation to God, men will think of the resurrection of the Son of God. The churches will undoubtedly be crowded, while from the pulpits and choirs will come tender and inspiring tributes to the risen Lord, whose triumph over the grave is the hope of mankind. The observance of these anniversaries should make men purer and better and take more interest in higher things.

Gen. Chaffee has cabled the war department from Pekin that the military commanders representing the foreign powers there are now considering the question of disposing of the Chinese forts, and of establishing fortified posts at proper intervals along the route from Pekin to the sea. Gen. Chaffee seeks instructions for his guidance in the conference. His communication was referred to the department of state. A rather difficult question is involved. As to the establishment of fortified posts, the state department is unwilling to commit the United States to what may be a permanent occupation by military force of Chinese territory. It is understood that Gen. Chaffee was instructed by cable to maintain in the council of military commanders the position already taken by the United States, that the Chinese forts may be dismantled, but not destroyed, so as to leave China defenceless against any foe, and that there should be no permanent occupation by foreign military forces beyond a reasonable legation guard at Pekin. This protest, it is believed, will have its effect. Gen. Chaffee will continue to negotiate as to the arrangements to be made, notwithstanding the fact that we will take no part in anything that may be determined to be done contrary to our proposition.

Let Aguinaldo come to this country, by all means, and let other conspicuous natives come with him. Prior to the destruction of Montoj's fleet in Manila bay, the inhabitants of the archipelago knew practically nothing of the American people and the American people knew as little of them. An acquaintance cultivated at the bayonet's end was not of the sort to lead to an understanding of the American character. Apparently the insurgent chief did not get the right idea or after two years of hostility he would not have exclaimed, the other day, when his friends told him what had been done in the way of civil government: "I never believed the American government would be so fair and liberal." He never believed it because he was misled from the start by the precious coterie of anti-imperialists. What formed his now-discarded opinion of our people was the fact these gentlemen sent out to him. In his own way he has done what their countrymen did before him—he has thrown them overboard. Let him come to America, if only to find that the dominant American sentiment toward his country as embodied in the national policy which they libelled has been one of consistent good will and that his act of submission has been to the friends and not the foes of his people.

'TIS EASY TO FEEL GOOD.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at the Globe Grocery Co.

PAN-AMERICAN EXPOSITION

Buffalo, N. Y., May 1st to Nov. 1st, 1901.

The Herald's Free Trip Voting Contest

This is One Vote

Name _____
Write or stamp name of your favorite and mail or send to the VOTING DEPARTMENT, PORTSMOUTH HERALD. Last vote must be in this office at 7:30 P. M. June 5th.

FIFTH WEEK CLOSED TODAY

Mr. Leary Adds Two Hundred Votes to His Figures.

A Friend of Mr. Varrell Sends in More Votes by Mail.

More Votes Are Promised for the Coming Week.

Mr. Leary and Mr. Varrell made an increase in their figures today, which closed the fifth week of the Pan-American contest. Mr. Leary has put his figures up to 845 and Mr. Varrell's votes were sent in with a letter signed "W. O. J."

The others in the list stand the same as on Friday. More votes are promised for next week. The list at noon today, when corrected, was as follows:

The list today, corrected up to this noon, is as follows:

John P. Leary, A. O. H.,	1261
Dennis J. Lynch, Kearsarge Engine Co.,	845
Col. John P. Tibbets, Gen. Gilman Marston command, U. V. U.,	687
Charles W. Hanson, K. G. E.	615
Charles D. Varrell, Sagamore S. F. E. Co.,	354
William S. Fernald, Chemical Engine Co. No. 5,	302
Edwin P. Rowe, Warner club	198
Charles H. Kehoe, M. H. Goodrich Co.,	72
John Ham, W. J. Sampson, H. & L. Co.,	56
Fred Hanson, M. H. Goodrich Co.,	21
W. J. Kehoe, P. C. C.,	17
Capt. Horace E. Peverly, Co. B, N. H. N. G.,	12
John A. Harmon, assistant engineer, P. F. D.,	12
George Jones, Kearsarge Engine Co.,	7

The conditions of the contest are as follows, a most liberal offer:

The Portsmouth Herald agrees to send three residents of Portsmouth, who are either members of the Portsmouth fire department, a social club or of some secret society, to the Pan-American exposition, pay all their expenses from the time they leave, until they return, including a week in Buffalo, with board and lodging and admission to the exposition daily.

This offer beats anything ever announced by any newspaper in New England, and is so far above the expense and interest of a trip to the national inauguration that it cannot be mentioned in the same class.

The contest will not be restricted to gentlemen but will be open to any lady who is a member of the various secret societies or auxiliary societies in Portsmouth.

The trip will include stop over privileges en route and returning and first class accommodations will be provided. In order that every detail of the grand tour may be properly looked after, the publishers will either send an agent in advance or with the party to make arrangements.

Everybody knows that the Pan-American exposition at Buffalo is to be grander and greater in every way than the World's fair and the visit will be the event of a lifetime.

The contest opened on Monday, March 4, when the first ballot appeared and which will appear daily until June 1, next, the last ballot to appear on the latter date, and the three persons having the greatest number of votes will have the grand privilege that has been offered. The last ballots must be received at the Herald office by 7:30 p. m. on Wednesday June 5, and the results of the contest will be announced at the earliest possible date.

This is an opportunity never before equalled in this section of the country and well worth the attention of every one eligible for such a trip. Vote early and vote often. Elect yourself.

KITTERY.

Mrs. Grace Hayden and son, Walter Hayden, of Eliot are the guests of Mrs. Jane Parry.

Work has been begun on the new house to be erected in Love Lane by Frank E. Donnell.

There was a special meeting at the Second Methodist church on Friday evening which was well attended.

Miss Zina Latta is very sick at her home, having suffered a severe attack of the grip. She was reported a little better on Friday evening.

Mrs. Agnes Davis and daughter, Miss Jessie Davis, who have been passing the winter in Boston, returned to their home at Kittery Point on Friday.

Mr. Delbert M. Stewart has arrived in town from his home in Lewiston, to take charge of the Kittery High school, which opens for the spring term, next Monday.

The Damp Proof Wall Tie company, organized with a capital stock of \$10,000, of which nothing is paid in. The president is Henry G. Lamburn of Somerville, Mass., and the treasurer Frederick W. Keen of Dorchester.

The Talbot Drug and Supply company, organized with a capital stock of \$10,000 of which \$50 is paid in. The president is George F. Talbot and the treasurer, George Freeman Talbot, both of Lawrence, Mass.

The churches have arranged for special Easter music and there will be appropriate sermons by the pastors. If the day proves fair there will be a large attendance at the services. There will be Easter concerts, in the evening.

The railroad commissioners have ordered a hearing for April 16 on the three petitions of the York Harbor & Beach railroad company in relation to crossing certain highways and the track of the Portsmouth, Kittery & York street railway company, and also for a branch track.

Among the recent corporations which have filed certificates of organization with the secretary of the state of Maine, and organized in Kittery are: The Warner Medical company, organized with a capital stock of \$10,000, of which \$700 is paid in. The president is Clara A. Williams, and the treasurer, Susan A. Thaxter, both of Boston.

Charles E. Walker,
Government St., Kittery, Me.

GREENLAND.

On Friday the members of the Congregational society of Greenland turned out in large numbers to honor their pastor, Rev. Dr. Edward Robie, on the occasion of his 80th birthday. The fact that the reverend gentleman had presided over their church for fifty years added more than usual interest to the event.

The exercises were held in the town hall which was tastefully decorated with evergreen and potted plants. From 1:30 to 2:30 the venerable pastor held a reception, after which a repast was served by the women of the parish.

The exercises opened with a prayer by Rev. Mr. Smart. Miss M. I. Holmes, representing the Congregational parish, made fitting remarks, her subject being "The Path of the Just." Short addresses were made by Rev. Dr. J. A. M. Chapman of Greenland, Rev. Lucius E. Thayer of this city, Rev. George E. Lake of Stratham, Rev. Willet L. Anderson of Exeter, Rev. W. Mills of Rye, Rev. J. A. Ross of Hampton, Rev. A. P. Bourne of Exeter, Rev. E. C. Davis of Newcastle, Rev. T. V. Haines of North Hampton.

Rev. Mr. Robie responded feelingly and pronounced the benediction. The exercises were brought to a close by all singing the doxology.

John Porter Weeks acted as master of ceremonies, and the committee in charge consisted of E. A. Libbey, Mrs. W. H. Packer, Mrs. W. H. Hayes, Miss Addie Weeks, Miss Annie Philbrook, Mrs. J. D. Norris, Mrs. Morris Dodge, Mrs. George Weeks, Mrs. J. W. Ellis, Mr. William H. Frick, Mr. Stephen Weeks and Edward Weeks.

A great day for the traders.

CITY BRIEFS.

Mayflower parties will soon be in order.

The favorite bundle today contained an Easter hat.

The spring cleaning at the police station has begun.

The oranges continue to arrive in great quantities.

There was no occasion for a police court this forenoon.

The streets dried quickly, after the sun got onto them.

Lots of folk from the country have been in town today.

New Hampshire pension—Original, Matthew T. Betton, Portsmouth, \$6.

The tickets for the Foresters' entertainment and dance, Monday evening, are now on sale.

The same force as has been employed at the city stables during the past year has been continued.

The store windows looked bright, after the washings they received, followed by the sunshine.

The concert program at the Foresters' entertainment and dance, Monday evening, is a pretty one.

W. F. Hoehn has purchased through W. C. Fraser the lot on Rockland street adjoining the Morgan estate, recently purchased by J. Edward Pickering, and the Morgan seminary which he will have moved to his lot and fitted up as a residence and which he will occupy soon.

Manager F. A. Charles of the Exeter Clippers had the promise of Walter Woods, the Portsmouth baseball player, to pitch one of the games with which his team will open the season with the Phillips Exeter nine, but Woods has been called to join the Louisville team and was forced to give up playing there.

SPORTING NOTES.

Walter Woods left on Friday, to join the Syracuse base ball team of the Eastern league. He is feeling fit for a good season's work.

The great English race, the North-hamptonshire stakes, was won by H. J. King's horse, Evasitt, ridden by Reiff, the American jockey.

The famous Wapanago basket ball team of Greenland has been revived, and will meet the Woods Brothers in Pierce hall, this Saturday evening.

The New England league circuit has been decided upon, and consists of the following cities: Lowell, Haverhill, Manchester, Nashua, Dover, Portland, Lewiston and Bangor.

Rex Pincke, the clever short stop of the Harvard base ball team who was injured recently, will probably be unable to play this season. His loss will be a serious one to Harvard.

The Montreal Eastern league base ball team was defeated by Princeton, Thursday, 7 to 6, Yale lost to the Georgetown University team, 8 to 1, and Pennsylvania won from Washington and Lee, 5 to 4.

Connie Mack, the manager of the Philadelphia American league team has entered suit against Pitchers Matthewson and Willis, and will endeavor to force those clever ball tossers to keep their contracts with him.

According to local bicycle dealers, there is a noticeable call for light wheels, this year, and it is freely predicted that the scorchers will make their reappearance in force, as soon as the country roads are in suitable condition for riding.

Princeton defeated the Philadelphia National league base ball team, Friday, 7 to 2; Yale was beaten by the Baltimore American league team, 10 to 3, and the Boston American won their first game, whitewashing the University of Virginia aggregation, 13 to 0.

With Walter and George Woods both playing on out of town teams, and the probability that Ira Newick will be engaged by the Dover Somersworth combination it is quite certain that Portsmouth base ball contingent will be considerably weakened this season.

Manager Salee of the Boston National league team has blacklisted Yale University and refused to play the game scheduled between the Yale team and his own, because the collegians played the Baltimore American the day before. This childish action will probably worry Yale's base ball management very little.

OBSERVED MORE THAN EVER.

A church paper is authority for the statement that the season of Lent, just ending, has been more generally observed in all parts of the United States, than ever before. This is true in that more people have attended religious services in the churches, and in that the season has had more effect upon secular pastimes of those not identified with the churches. A third point in the situation is the very marked increase in the observance, especially of Good Friday and Easter, of the non-liturgical and ultra-Protestant bodies.

IT IS IMPORTANT.

To Know What You are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments, and salves to powders, liquids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicines will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh but because catarrh sufferers who use these tablets know what they are taking into their system. Stuart's Catarrh Tablets being composed of Ecocypolol, Hydrastin, Guaiac and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passage and whole respiratory tract.

The cures of Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh are little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphine habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

All druggists sell them at 50 cents for full sized packages.

OBITUARY.

Mrs. Herbert White.

Mrs. Herbert White, a cousin of Mrs. John W. Emery of this city, died at her home in Jamaica Plain, Mass., on Friday morning, aged about thirty years. The body will be brought to this city on Sunday, for interment. Mrs. White's death came very suddenly and is a sad blow to her relatives and many friends.

Mrs. Mary A. Blazo.

Mrs. Mary A. Blazo, a widow, died at the home of her daughter, Mrs. Charles Lydston, No. 29 Penhallow street on Friday night, aged seventy-four years, two months and thirteen days. She leaves two daughters, Mrs. Edmunds of Jefferson street and Mrs. Lydston. The funeral will be held at the Advent Christian church on Hanover street at two o'clock on Monday afternoon, relatives and friends being present. The deceased was a lifelong resident of Portsmouth.

OBSEQUIES.

The funeral of the infant child of Mr. and Mrs. Patrick Driscoll took place from the home of its parents on Elm court, Friday afternoon at half-past two o'clock. Interment was in St. Mary's cemetery, under charge of Undertaker William P. Miskell.

The funeral of Frank H. Sheldon was held at the home of his mother, on Langdon street at two o'clock this afternoon. Many relatives and friends were present and the Rev. George E. Leighton, pastor of the Church of Christ, conducted the services. The body was placed in the tomb of Mr. O. W. Ham.

At the home of the deceased's mother on Islington street, occurred the funeral of Miss Ella D. Grover. The service was held at half-past two o'clock this afternoon, the acquaintances and relatives present being many. Rev. Lucius H. Thayer of the North church officiated. The interment was in the Sagamore cemetery by Mr. O. W. Ham.

HE KEPT HIS LEG.

Twenty years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Irritation and blood poison set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and I used boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. The Globe Grocery Co. will guarantee satisfaction or refund money. Only 50 cents.

There will be a lot of popular music at the Foresters' entertainment and dance, Monday evening.

PORTSMOUTH'S SECRET AND SOCIAL SOCIETIES.

WHEN AND WHERE THEY MEET.

A Guide for Visitors and Members.

OAK CASTLE, NO. 4, I. O. O. F.

Meets at Hall, Peirce Block, High St., Second and Fourth Wednesdays of each month.

Officers—Charles E. Oliver, P. C.; Willis B. Mathes, N. C.; Robert M. Herrick, V. C.; Frank E. Abbott, H. P.; William H. Hampshire, W. H.; Fred Gardner, K. of E.; Charles W. Hanscom, G. of E.; Samuel R. Gardner, M. of R.; George P. Knight, S. H.

PORTSMOUTH LODGE, NO. 97, B. P. O. E.

Meets at Hall, Daniel St., Second and Fourth Tuesdays of each month, except Second Tuesday of June, July and August, and Fourth Tuesday of September.

Officers—True W. Priest, E. R. H. B. Dow, T. I. R. Davis, S.

POSTSMOUTH COUNCIL, NO. 3, O. U. A.

Meets at Hall, Franklin Block, First and Third Thursday of each month, day evening at 7:30 o'clock.

Officers—Harry Hersum, C.; William P. Gardner, V. C.; Edward E. Waddy, S. H. E.; George D. Richardson, J. R.; Frank Pike, K. S.; Frank C. Langley, F. S.; J. W. Marden, T.; Willis Brooks, Ind.; Arthur Parham, E.; J. B.

OSGOOD LODGE, NO. 43, I. O. O. F.

Meets in Odd Fellows' Hall every Thursday evening at 7:30 o'clock.

Officers—Albert G. Stimpson, N. G.; Frederick B. Higgins, V. G.; Howard Anderson, Sec.; Edwin B. Prime, Treas.; Albert C. Plumer, Fin. Sec.

The Degree Flag will be displayed when degrees are to be conferred. Watch for it. All brother Odd Fellows not members of the Lodge are cordially invited to attend the Lodge meetings and are assured a cordial greeting.

COPPER IS KING

A SAFE INVESTMENT AND A SURE FORTUNE

Can be made buying Copper Shares now at the present price of 15 cts. per share. See 255

\$100 FOR EVERY \$10 YOU INVEST

The Copper Cliff Mining Co. owns 4 Copper mines in Kern Co., Calif. One Assays per ton 300 Copper, 57 Gold. Veins 2 to 6 feet wide. Ore from the surface down, is rich enough to pay all mining transportation and spreading charges and leave handsome profit. Dividends can be earned and paid without building and operating a smelter or other expensive plant. Experts report mines contain millions tons ore. Stock is full paid and non-assessable. \$100 per share. No want money, enough to develop and take the ore out from the mines and now offer a limited amount of stock for a short time:

\$15 BUYS 100 SHARES
\$25 BUYS 170 SHARES
\$50 BUYS 350 SHARES
\$100 BUYS 500 SHARES

We are so confident that stock will go up at par that we guarantee that after twelve months from date you can buy a share of this stock from the Copper Cliff Mining Co. for less than its par value, \$1 per share.

Copper shares have made investors many fortunes the past year. In 1899 a servant of the family of Prof. Assessor asked him to invest \$250 for him. He invested it in 25 shares of copper stock. The compound interest and dividends, added to the present market value, amount to \$500,000. Great chance and the lowest price, yet cannot lose. Get rich by a few shares before they advance. Send money by draft, express, registered letter or by airmail order for as many shares as you wish, to

W. M. REED, Investment Broker, 139 S. 5th St., Philada., Pa.

CEMETERY LOTS CARED FOR

AND TURFING DONE.

WITH increased facilities the subscriber is again prepared to take charge and keep in order such lots in any of the cemeteries of the city as may be entrusted to his care. He will also give careful attention to the turfing and grading of them, also to the cleaning of monuments and headstones, and the removal of bodies in addition to work at the cemeteries he will do turfing and grading in the city at short notice.

Cemetery lots for sale, also Loan and Turf Orders left at his residence, corner of Richmond and South streets, or by mail, or left with Oliver W. Ham (successor to S. S. Fletcher) Market street, will receive prompt attention.

COMMISSARIAT FRAUDS.

Amount of Alleged Shortage Is \$185,000.

AGUINALDO PREPARES MANIFESTO

Terms Not to Be Made Public For Some Time—Believed That He Will Call Upon All Insurgents to Take Oath of Allegiance.

Manila, April 5.—Lieutenant Frederick Boyer of the Thirtieth volunteer infantry, chief commissary for the Second district of the department of southern Luzon, has arrived at Calamba, province of Laguna, where he has been charged with misappropriation of 50 cases of bacon and with other irregularities. It is alleged that the shortage in the commissary depot in Manila aggregates \$185,000.

In contrast with the scandals in the commissary department the collection and administration of the insular funds are matters for congratulation. The accounts of the custom house, internal revenue department and license office have been inspected and are reported perfectly straight.

Emilio Aguinaldo has the assistance of Chief Justice Arellano and of Mr. Fisher, General MacArthur's private secretary, in preparing his manifesto. The work is not completed, and the tenor of the contents is not divulged.

Chief Justice Arellano has a long conference with Aguinaldo. He says the prisoner is realizing the futility of further resistance and is desirous of sparing the Philippines additional distress, trusting to the justice and generosity of the American people. The chief of the revolution urges the insurgents to cease fighting and accept American sovereignty.

Ohio Bank Robbed.

Chardon, O., April 5.—A band of half a dozen robbers blew open the safe of the Citizens' Savings bank here and, after a desperate fight with Night Watchman Pomeroy and a citizen, succeeded in making their escape. It is believed the robbers secured less than \$200. The night watchman discovered the men at work in the bank. He was seized, bound and gagged, but not until he had shot one of the burglars. Dr. Hudson, who lives near the bank, was aroused by the noise and came to the scene. He was also seized and tied hand and foot. It required three big charges of dynamite to blow the safe door off. After completing their work the robbers left town on a handcar. Two men have been arrested at Willoughby upon the charge of being members of the gang.

French Cruiser Held Up.

New Orleans, April 5.—The French cruiser Le Suquet is at the Mississippi river quarantine station, 50 miles below the city. She was at Vera Cruz, a port against which both Galveston and

PLEADS FOR BOER CAUSE

Oom Paul Says Independence or Nothing.

HE CALLS GREAT BRITAIN BLIND.

Otherwise She Would Grant What Bothersome Want and End the War. Offers to Submit the Whole Question to Impartial Tribunal.

Paris, April 5.—An interview with Mr. Kruger appears in the Matin. The former president of the Transvaal was seen in a modest little inn at Utrecht, where he is stopping for the moment. His eyes have been very much improved by recent operations, and he can now dispense with spectacles.

Sitting in front of a table with a Bible under his left hand, Mr. Kruger delivered himself of an important statement, to which further significance was given by the presence of the Orange Free State delegate, Herr Fischer.

Mr. Kruger began by announcing that tomorrow he proposed retiring into the country for complete rest. The little village of Hilbersum, not far from Utrecht, has been selected for his abode. Nothing has yet been decided regarding his trip to America. Mr. Kruger will undertake the journey if his strength permits and if there is any hope of gaining advantage for the Boer cause.

Pointing to Herr Fischer, the aged president declared that the two republics were indissoluble. "Herr Fischer," he said, "is fighting for the same cause as my heroic friend, President Steyn. The two presidents and the two commanding generals, Botha and De Wet, will share the same fate."

On being questioned regarding the official telegrams and statements in parliament, Mr. Kruger, half rising from his armchair, declared: "The British government, British telegraph and the British press always try to make this much"—and he measured his little finger—"look like this much"—and he extended both arms. "I am persuaded everything is going well on there precisely because our enemies continue to disseminate and travesty facts."

All For Independence.

"As regards General Botha's negotiations, the public knows from the blue book and by reading General Botha's last dispatch that it was the British general who first made proposals. Never did the Boer general refuse to listen. We do not fight except for peace. We are not conquerors; but, although General Botha listened to the British proposals, he never uttered a word of equivocation on the subject of independence. Independence is the only treasure we cherish, even if we have to sacrifice all others to have our national independence."

"It is for that reason our citizens forsake their farms and sacrificed their lives and our women and children now suffer temporary servitude in the enemy's camp."

"And," added the president, with still more emphasis, "if the English were not blind, if they considered their own interests well, if they were not hopelessly enslaved by error and injustice, they would recognize the independence we demand, because in the hope of safeguarding it we shall be ready to make many concessions and sacrifices, and, moreover, it would assure peace forever in South Africa."

Would Submit to Arbitration.

The subject of arbitration being next broached, Mr. Kruger expressed his entire readiness to submit all questions to the arbitrament of an impartial tribunal, not even excepting the question of independence.

"We would sacrifice our liberty," he said, "if the verdict of arbitration decided that one or the other of the republics had done anything to forfeit it. But on that point we are at ease."

British atrocities were the next topic of conversation. Mr. Kruger readily expatiated on the terms of the recent manifesto issued by President Steyn and General De Wet.

"I have myself witnessed the brutality with which the British have waged war against us," he said. "They have acted like savages and on their own confession have been assisted by savages whom they had armed."

"Everything that has been said respecting the horrors of war as waged by the British generals is far below the truth. I declare—and history will bear me out when it ceases to be falsified—that people will shudder when they learn the details of all the atrocities that we have suffered."

"The South African war has been on the part of the English a perpetual defiance of the Geneva convention. To a much greater extent than their refusal to accept intervention is their defiance of the Hague convention."

General De Wet's Raid.

Referring to General De Wet's raid into Cape Colony, Mr. Kruger dwelt that it was ever hoped to provoke a general rising. "We knew perfectly well that this would be impossible," he said, "because of the lack of munitions and arms as well as the difficulty of combined action over such enormous distances. But the invasion demonstrated that the Afrikaners were everywhere favorable to our cause and ready to afford every help in their power."

"President Steyn and General De Wet had, however, a different object in view, and they attained it. They were able to obtain plentiful supplies of food and horses. Moreover, these brave allies organized a diversion which allowed General Botha to escape from a tight position in the east of the Transvaal. They compelled the English to spend their forces over enormous distances and to recognize the fact that the Boers were masters in the field."

"These results are surely not to be

despised. The English cannot be masters of the two republics. They are not even undisturbed at the Cape and in Natal."

In conclusion Mr. Kruger declared that, far from being exhausted, the Boer commanders were able to go on fighting indefinitely. "We have combatants, arms and ammunition in sufficient quantity. It is useless to hope to reduce us by lassitude or extermination."

He ended by expressing thanks to Providence for the manifold complications with which the British empire is now beset at other points of the globe, which one day will compel them to release their prey.

BRITISH LOSSES HEAVY.

More Than Four Hundred Fell in South Africa Last Month.

London, April 5.—The British casualties in South Africa continue high. The totals for the month of March are: Killed, 9 officers and 103 men; wounded, 26 officers and 270 men.

The letter of General Botha, the Boer commander in chief, to Lord Kitchener, commanding the British forces in South Africa, preliminary to the recent peace meeting, casually referred to in Lieutenant General Kitchener's report of the negotiations and from which the opponents of Colonial Secretary Chamberlain hope to obtain some clue of the reason of the failure of the conference, is published as a parliamentary paper. The letter is dated at the commandant general's camp Feb. 13 and commences with a reference to "the verbal message from your excellency." Continuing, the letter says:

"I have the honor to inform your excellency that no one desires more than I to bring this bloody strife to an end. I would also very much like to meet your excellency for the purpose of mutual discussion to see if it is not possible to discover terms under which this can be done."

The remainder of the letter of General Botha is of no importance. It merely suggests a place of meeting and arrangements for the guarantee of safe conduct.

KILLED IN A WRECK.

Fatal Accident on the New Jersey Central Railroad.

New York, April 5.—John Cronin was killed, Frank Mahoney severely injured and a score of passengers bruised and shaken in a wreck on the Central Railroad of New Jersey near Elizabeth, N. J., last night. Cronin was fireman and Mahoney engineer of the passenger train. Both lived in Jersey City. The train in collision was a passenger from Newark to Perth Amboy and a coal train.

The coaler was on a siding, and as the passenger approached on the main track, the former train moved out on to the same track. Mahoney tried to stop the passenger, but was unable to do so, and both reached the frogs at the same moment. Mahoney and Cronin stuck to their posts, and both engines went over. All the passenger coaches left the rails, and every passenger in them was more or less bruised.

Castellanes Win Out.

New York, April 5.—Anna Gould, Countess de Castellane, and her husband, Boni de Paris, will on and after today have \$500,000 a year more to spend than they have been receiving for several months past. For this the Castellanes have to thank the appellate division of the supreme court. That body has decided that the American courts have absolutely no jurisdiction over the Countess de Castellane, at least so far as her debts and those of her husband in France are concerned, while she elects to stay in that country.

Daring Attempt at Burglary.

New York, April 5.—One of the most daring and desperate burglaries ever attempted in this city was frustrated by the police yesterday. Two thieves who had bored through 30 inches of brick wall and picked up between \$4,000 and \$5,000 worth of lace, silks and other valuable textiles were arrested just as they were about to take the plunder away in an express wagon that was standing at the door. The scene of the robbery was the importing house of Joseph Rothschilds at 327 Church street.

Overcome by Gas.

Chicago, April 5.—Five persons were overcome by gas in a residence at 340 North State street last evening and except for a woman's efforts probably would have met death from asphyxiation. The rescuer, Mrs. Mary Kerpel, who was also affected by the gas, though slightly, managed to carry the five unconscious women and children into the yard. A physician was summoned, and after several hours' hard work he said all would recover, although two were still in a serious condition.

Governor Allen's Restoration.

San Juan, Porto Rico, April 5.—Persistent rumors of the impending resignation of Governor Allen, now on his way to the United States, are in circulation in San Juan. Mr. William Hunt, secretary of Porto Rico and acting governor, reiterates his denial of any intention, but it is regarded as significant that Mr. Hunt has moved his family and effects into the executive mansion.

Anniversary of De Leon's Landing.

St. Augustine, Fla., April 5.—Several hundred citizens and visitors celebrated in Fort Marion Wednesday night the anniversary of the landing of Ponce de Leon and the discovery of Florida. A salute of 17 guns was fired in honor of Ponce de Leon, after which patriotic speeches were made. The celebration closed with a display of fireworks.

PLAN TO THROW US OUT

Powers Conspiring Against the United States.

OUR POLICY DISTURBS THEM

This Government Refuses to Consent to Disarming of Chinese Forces and to Furnishing Troops to Garrison Points For Permanent Occupation.

Washington, April 5.—The United States government will resist to the utmost diplomatically any attempt of other powers to force it to participate in garrisoning forts in China along the Peking between Peking and Tientsin or withdraw from the negotiations for the settlement of the Chinese troubles. Recent press dispatches from Peking suggested that such an attempt would be made, and the opportunity to do so has now been afforded in a conference of the several commanders of the allied forces, including General Chaffee, to arrange for carrying out that part of the protocol between China and the powers which relates to dismantling certain defenses and the selection of places to be held permanently by detachments of foreign troops. General Chaffee telegraphed the war department that this conference was to be held and asked for instructions. After consultation with the secretary of state the secretary of war last evening sent a dispatch to General Chaffee directing the position he must assume. The directions are in line with the policy of the state department developed at the time the peace protocol was signed.

Reason For Hostility.

It is understood here that some of the powers would be glad to have the United States eliminated from participating in the settlement of the details for permanent foreign control for certain parts of China. This government has shown a disposition to preserve the integrity of China and facilitate the withdrawal of the army of occupation, that has been somewhat embarrassing to other members of the international concert, and there is a very natural feeling on the part of those nations that are not so charitably inclined to minimize American influence. The basis for putting through some scheme to curtail or altogether eliminate the participation of the United States in the final settlement has been afforded by the withdrawal of a large American force except a leaner guard and the expressed intention of the government not to furnish troops for the permanent occupation of Chinese territory. It is expected that General Chaffee will have a hard fight on his hands in the council of generals, unless he proves to be as good a diplomat as he is a soldier.

The plan of the opponents to the policy of the United States as it is understood here is to insist that any nation that does not furnish its quota of troops to garrison the points selected for occupation in the lines of communication between Peking and Tientsin shall have no part in the arrangements of the terms definitely settling the differences between China and the powers. This government is determined not to be side-tracked by any scheme, and even if a majority of representatives of the nations engaged in the negotiations adopt that policy, it will refuse to withdraw from active participation. The attitude of the nations favoring the scheme is likened to the claim of a minority in any legislative body that the minority members, having failed to agree to a majority measure, should be debared from participation in all future legislation.

Can't Force Us Out.

Officers in Washington concerned in the negotiations maintain that it is impossible for any combination of powers to force the United States out of the Chinese concert by any means short of a resort to arms. To notify this government will be equivalent to an ultimatum. It would mean that those nations hold that the United States has no concern in China's affairs. But it would mean also that the accretions of the powers to preserve harmony would be broken and thus relieve the United States and nations supporting the American policy of obligation of living up to previous understandings. While it is probable that some of the powers would like to have a good break up of the concert, the belief is entertained here that the strongest governments, will take the side of this country rather than have any disagreement that might break the whole civilized world in war. The administration is not worrying, but it will not take any chances in the matter.

President Mitchell Satisfied.

Indianapolis, April 5.—President Mitchell has expressed himself as satisfied with the settlement reached by miners and operators in the block coal and bituminous districts of the state. Mr. Mitchell said that the report that the anthracite miners of Pennsylvania were dissatisfied with the recent settlement there was based on misinformation, for everything in that region was harmonious, and there was, so far as he knew, no thought of a strike. The United Mine Workers' association is rapidly growing, and provisions for this expansion must be made at the meeting of the executive board next week.

General Fitz-Hugh Lee Ill.

Denver, April 5.—General Fitz-Hugh Lee is ill at the home of H. C. Merriam in this city, having contracted a cold while on a trip around the Great town loop in the Rocky mountains. He had planned to go to the hot springs on his way to California, but was suffering from a cold, throat and symptoms of the grip. On the advice of his physicians his journey was postponed.

C. E. Boynton
16 Bow Street Portsmouth.

HAVE YOU READ
The Herald's Great Offer?

THE HERALD.
SATURDAY, APRIL 6, 1901.

CITY BRIEFS

The card party was in order. Have you ordered your Easter lilies? The spring medicine trade is booming. Only three weeks to the opening of the baseball season.

Has the price of milk shakes and punches advanced yet? Some fine attractions are to be seen at Music hall this month.

The unhappy woman of the day is she who has no Easter hat in sight. The next six weeks will be the liveliest ever known in theatrical circles in this city.

The newly elected officers of Davenport council, N. S. A. F. and A. M., have been installed.

After the grip, or other serious illness, Hood's Sarsaparilla is the medicine to take to restore the appetite and strength. Hunting for Hawkins is sure to attract a large audience at Music hall on Wednesday evening next.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for lazy liver.

City Clerk William E. Poiree is introducing the new and up-to-date card system of records in the city clerk's office.

The assessors of taxes are now busy getting things in shape for the coming rush in that busy branch of the city government.

The dealers in wagons and carriages and the proprietors of the livery stables are commencing to receive their new spring lines.

The river water is a deep yellow as a result of the wash of the heavy rains and the unusual flow from the fresh water streams up river.

Rev. George W. Gile spoke upon "The Suffering Saviour" at the exercises of Good Friday evening in the Middle street Baptist chapel.

Eczema, scald head, hives, itchingness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

The large quantities of barbed wire which the hardware dealers are receiving show that they are getting ready for the fence building season of the farmers.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

Invitations have been received in this city from the New Hampshire college cadets to a reception and dance in Thompson hall, Durham, on Friday evening, April 12th, at eight o'clock.

Ordinary household accidents have no terrors in the bottle of Dr. Thomas' Eucletic Oil in the medicine chest. Heals burns, cuts, bruises, sprains, instant relief.

A Portsmouth lawyer who was discussing the question of divorce with a disagreeing couple the other afternoon was considerably disconcerted when a gramophone in an adjoining room struck up "Home, Sweet Home."

A west end man claims to have a gold fish which is a regular circus actor, coming to the top of the water when bidden and performing other wonderful feats supposed to be beyond the com-

prehension of the members of the funny tribe.

The special sale at the Globe Grocery Co.'s meat department on Saturday will be 200 pounds of fresh killed Fowls at 12-14 a pound.

On sale at the Globe Grocery Co. Saturday: 25 Sweet Oranges for 25 cents and 12 Large Fancy Navel for 25 cents; also 250 Dozen Oranges, 10 cents a dozen.

Rail road, as usual, interfere with the country trade at this season, and the retail business in the city has been a little slack the past week on account of wet weather.

The rainy weather for the past few days has been especially hard upon the millinery establishments. This is just the season when ladies are ordering their Easter hats, and the bad weather has prevented many from getting out, and others are not so anxious to order before Easter, for they will not care to wear new hats to church if this rainy weather continues, so they are in no hurry about ordering.

A Portsmouth business man has established a punching bag of the most approved pattern in his back shop and during the dull periods in trade, if which there have been a lot within the past week, he peels off his coat and pounds away at the bag in a way that would make Bob Fitzsimmons open his eyes in wonderment. "Best thing in the world," he said the other day. "And as for muscles, why, I feel as though I could carry a ton for a mile or two." His friends are expecting great developments.

ORANGE CROP INCREASING.

The orange crop is increasing year by year, according to the Los Angeles Times. Last year it was something like 16,000 to 17,000 carloads. This year it had all been marketed it would have been 21,000 to 22,000 carloads. Some estimate that 3000 carloads have already been lost. How many more will fall and rot cannot be guessed. The railroad men excuse their failure to get enough cars on the plea that the crop is overrunning their estimates, and those of the growers. They base their estimates for one year on the shipments of the previous year.

FINDLAY HERE.

Alex Findlay of Boston, one of those fellows who make a particular study of the game of golf and can tell you all about it, was the guest of several members of the Country club on Friday and in company with them visited all the premises that have been proposed for a clubhouse site. Mr. Findlay is known as one of the best golf players in the entire country.

NOTICE.

There will be a meeting of the Portsmouth Country club, at the office of John W. Kelley, on Monday evening, April 8th, at 7.15 o'clock. A large attendance is desired.

ON GOOD FRIDAY EVENING.

The union service held at the North church on Good Friday evening was largely attended by members of all the Protestant denominations in the city. Dubois' sacred cantata, "The Seven Last Words of Christ," was sung by a chorus choir, and Mrs. E. Scott Owen rendered, for the offertory, some lines of Sidney Lanier's, fitted with music by Chadwick. Miss Harriet Whittier of Boston assisted in the service.

Of the many preparations advertised as

Stomach Bitters

the best is True's Elixir. The same wonderful properties that render it so highly efficacious in expelling worms from the system make it a

"Perfect Purifier of the Blood"

As a Spring Medicine no sarsaparilla is nearly as effective. True's Elixir acts at once! No waiting months for results! True's Elixir corrects the diseased conditions of the stomach and bowels.

TRUE'S ELIXIR

expels all extraneous matter, leaving the blood rich and pure!

True's Elixir restores lost appetite. True's Elixir cures indigestion. True's Elixir cleanses the system. True's Elixir cures the blood.

Try a 35 cent bottle. Sold at all Drug Stores. In use 50 years. DR. J. F. TRUE & CO., AUBURN, ME.

COLLISION IN DENSE FOG.
Steamers Admiral Schley and Charles F. Mayer Both Damaged.

The steamer Admiral Schley, Captain Butman, which sailed from Boston Friday morning for Port Antonio, Ja., returned to her berth that afternoon considerably damaged, having been in collision with the steamer Charles F. Mayer of Boston lightship.

Captain Butman of the Schley stated that he had reached a point almost to the lightship when he made out the Charles F. Mayer on the port bow about two lengths away. He rang for full speed astern, but it was too late to avoid a collision and the Mayer's boat struck the Schley on the starboard side abreast of the coal bunkers, and in sliding along tore off the iron rails, smashed the deck boards and did other damage. The pumps were sounded and it was found that the vessel was leaking badly.

Immediately after the collision the Mayer was lost sight of in the fog. She was towing two coal-laden barges astern. Captain Butman put about and ran to port. The vessel will be dry-docked and may be detained two weeks.

Immediately upon the return of the steamer, sixteen bags of mail matter were taken ashore and sent to the post-office. They were forwarded to New York, where they will be sent to Jamaica on the Atlas line steamer Athos, which sails today for Jamaica ports. The Schley had no passengers.

The Charles F. Mayer, in command of Captain McLeod, and loaded with about 1500 tons of coal, sailed from Baltimore, March 30, for Boston towing barges No. 4 and No. A. According to the statement of those on board the steamer, the Mayer and her tow had reached a point just inside the lightship, when the Schley loomed up through the fog. The coal steamer with her tow was progressing at about two miles an hour, and when the Schley was seen the order was given to reverse the engines. The vessels were too close together, however, but the prompt action of both commanders prevented serious damage.

The Mayer's stem was badly twisted, and it is thought that some of her plates are started. She is leaking badly. The Mayer came slowly up the harbor and anchored off East Boston at 5 p. m. The collision was caused by the dense fog.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. J. QUENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

JENKINS RETURNS.

He is a Little Demented and Has Been Wandering Around His Town.

Horace W. Jenkins, the Madbury farmer, who disappeared from his home in March 19, and who was supposed to have committed suicide or was dead from exposure, returned to his home this morning, according to a telephone message to the Portsmouth police station.

The only other information in the message was that the man appeared to be demented and had the appearance of having wandered in the section from which he disappeared.

There was a reward of \$200 for the recovery of his body, if dead, or information leading to his location, if living. He has a brother in this city.

COURT ROCKINGHAM, FORESTERS OF AMERICA.

Entertainment and dance Easter Monday evening. Tickets, 10 cents, admitting gentlemen and lady. Ladies' tickets, 5 cents.

O born W. Deignan, who was with Hobson when the Merrimack was sunk in Santiago harbor, and who was held a short time while the Spanish prisoners were on Seavey's island, has been appointed a boatswain. He was not eligible for appointment to the naval academy.

BALCH HELD.

Mr. Hodgkins Successful in Prosecuting a Case at Exeter on Friday.

The continued trial of Edward H. Balch of Exeter, who was arrested for using a horse physically unfit for labor, was held in the Exeter police court, the respondent being found guilty of the charge.

State Agent of the Society for the Prevention of Cruelty to Animals Robert E. Hodgkins of Portsmouth conducted the prosecution's case, testifying that he had been summoned to Exeter by a complaint, and that an investigation showed that the horse in question had been inhumanely treated. Albert Conney, who worked for Mr. Balch as a driver, and that the horse was unfit to be used, said Superintendent of Police Gooch, who made the arrest, at Mr. Mr. Hodgkins' instance, described the animal's condition.

Balch refused to make any defense, and when fined \$8 and costs, took an appeal. He furnished \$100 bonds for his appearance at the April term of the supreme court.

Three Manchester young men attracted considerable attention on Hanover street Friday by sporting dollar bills which was tied in the top button hole of their coat.

The One Cause of Poor Teeth

Says Dr. Cutter, of Harvard University:—

"There is every probability that the present prevalence of erupting and easily decaying teeth is due for one cause, to the use of flour as food."

The Massachusetts State Board of Health Reports give this startling fact:—

"Of 880 school children in three towns near Boston, under twelve years of age, two thirds had decayed teeth."

Shredded Wheat Biscuit contains, naturally proportioned, all the food elements necessary for the proper nourishment of every part of the body, from head to foot, including the teeth.

Drop a postal (don't send stamp) for "The Vital Question," food-facts for everybody, and 262 ways of serving Shredded Wheat. The Shredded Wheat Company, Worcester, Mass.

LOW PRICES.

Many people shout Low Prices. The prices are low—so is the quality of the goods. We say low prices and we back up the statement with a good strong reason. We can make the best clothing—make it as well as it can be made—at low prices, because our expenses are light and we have many patrons. There is no use throwing money away. There is no use paying any more for perfection than you have to. We will be glad to see you at any time.
